Following discussion with the Children's Officer it is agreed that we now seek an alternative placement away from [REDACTED] who are only a short-term Foster home.

After much deliberation we have approached F.G.H. Le Squez and spoken personally with Mr. and Mrs. Maguire who are keen to take the [REDACTED] children aboard, as a long term placement, although adoption placements could be possible.

I am to see Mother firstly and will do this when I take the children to Overdale

Thereafter a likely brief meeting of the children with the Maguires followed by a meeting between [REDACTED] and the Maguires with myself at Overdale. Photographs of Mother and children will be good and perhaps later Mum might like to make a sound recording that might be kept for the children.
