Subject: Staff deployment

Dear all,

In order to meet the pressure that the [REDACTED] team are experiencing it has been decided to deploy [REDACTED] to that team to provide additional social work support. I am sure that [REDACTED] energy will prove to be a positive factor enabling this team to meet the challenges it faces. [REDACTED] will retain [REDACTED] of the [REDACTED] [REDACTED] but will be based at Le Bas.

I will base myself at Brig-Y-Don to provide the management lead for the team working there and at Casa Mia and may be contacted there. The telephone at St Mark's has been diverted to Brig-Y-Don so I should still receive all calls.

This measure is effective from today.

Kind regards,

Joe
