Report of the Social Security Committee.

The Health Scheme is self-supporting and financed on a 'pay as you go' basis. Each year the Committee reviews the rate of medical benefit and makes a recommendation for any change to be effective as from 1st October.

The Committee proposes to increase the rate of medical benefit from £2.70 to £3 per medical consultation as from 1st October, 1980. Upon making this recommendation, the Committee has had particular regard to the limited resources available and the need to seek to keep the fund in balance.

The purpose of the attached Regulations is to give effect to this proposal.

Explanatory Note.

The purpose of these Regulations is to increase from £2.70 to £3.00 the standard rate of medical benefit payable in respect of medical services provided by an approved medical practitioner.

The increase will apply to services provided on or after 1st October, 1980.
